COMMUNICATION WITH PARENTS

MISSION STATEMENT

Homewood School engenders and promotes an ethos of 'Respect, Learning and Belonging'. There is an expectation that these core values will be upheld by all. Our objective is to promote harmony and dignity throughout the school and we expect any communication or interaction between staff, children, parents/carers, visitors or the local community to be conducted with mutual respect in an open and honest manner.

Despite efforts to provide positive, supportive, clear and consistent communication, at times difficulties may arise. Aggressive behaviour from parents/carers or members of the community is unacceptable and can have an intimidating and stressful effect on staff. This may include physical or verbal acts of violence, discrimination or harassment. Such unacceptable behaviour will not be tolerated at Homewood School.

The school also expects its staff to behave professionally and attempt to diffuse, if possible, difficult situations, seeking support from colleagues where necessary.

RESPONSIBILITY

Homewood School provides support to a child with regards to their learning and welfare. Parents/carers must take responsibility for a child's attitude whilst they are at school and work with staff to ensure that learners reach their full potential.

WORKING IN PARTNERSHIP

The majority of communications with parents, carers and members of the community are positive especially when all parties take their duty seriously and are willing to work together to resolve conflict and promote the wellbeing of all concerned.

Homewood School is fully committed to ensuring that all members of the school's staff are treated with dignity, courtesy and respect and are entitled to work and study in an environment that is free from unfair treatment, harassment, discrimination or intimidation (see Appendix 'A' for code of conduct and Appendix 'B' for definitions).

There are occasionally times when difficulties may arise. The types of behaviour below will not be tolerated and may result in Principal, Governor, Local Authority or Police intervention.

- Physical contact: pushing, hitting, kicking etc.
- Abusive language/swearing or threatening behaviour.
- Bullying or Intimidation of any kind.
- Aggressive or impolite hand gestures.
- Making/writing abusive comments.
- Discrimination - racist, homophobic, ageist or sexist remarks.
- Slanderous or libellous comments.

In all of these types of behaviour, further communication will need to take place outlining the need for mutual respect (see Appendix 'C'). Where necessary, and particularly in cases of

threats, physical violence or discriminatory comments, the support of the police should be sought. Guidance for staff is included in Appendix 'D'.

SUPPORTING HEALTH AND SAFETY AT WORK

Preventing Violence at Work

The Health and Safety Executive leaflet, "*Violence at Work: a guide for employees*" defines violence against staff as:

"Any incident in which an employee is abused, threatened or assaulted in circumstances relating to their work"

- It is the duty of the Governors of the school to ensure that full support is given to members of staff who are threatened or assaulted during the course of their duties.
- Staff should identify situations of possible risk and take the appropriate preventative action. This may include holding a meeting in a public area, inviting additional personnel to the meeting, or making a telephone call rather than a face to face meeting.
- The procedures for ensuring safe practices at work, including Lone Working, are set out in the Health and Safety Policy.

KCC Information Line "First Call"

This dedicated line, provided by KCC Contact Centre, provides "signposting" and information. The aim of First Call is to encourage staff to report incidents, to understand better how they can access support and challenge discriminatory and offensive behaviour from the people for whom they are providing services. It is intended to support the line management relationship by providing an additional means by which staff can seek information and access support.

CODE OF CONDUCT

WORKING IN PARTNERSHIP

Objectives:-

- To promote harmony and dignity throughout the school.
- To take positive action to promote staff wellbeing.
- To ensure staff are treated in a way that enables them to perform their duties to the best of their ability.
- To enjoy polite and courteous communication within the school and wider community, showing respect towards one another. Any behaviour that undermines this will be pursued using the school's complaints policy.
- To prevent and take action against all forms of bullying, discrimination, harassment, threatening behaviour or assault.
- To understand that repeated unacceptable behaviour by parents/carers which has the potential to affect wellbeing, may be referred to the Principal and/or result in a ban from the school site or police involvement.

This will be achieved by:-

- Taking all allegations of bullying, discrimination, harassment, threatening behaviour or assault seriously and undertaking a full investigation.
 - Taking individual responsibility for challenging, preventing and stopping inappropriate behaviour.
 - Taking action and reporting incidents of inappropriate behaviour.
 - Raising awareness of the types of behaviour which will not be tolerated.
-

I would ask you to understand that such behaviour can be distressing to staff who are trying to support you and your child.

I am aware that you have raised some concerns and would advise you that the School is addressing these by

Please note that the School's Policy sets out standards of behaviour expected of all people in their dealings with the School. These include:-

- Behaving in an appropriate manner showing due courtesy and respect.
- Avoiding harassing and threatening behaviour.
- Avoiding physical and verbal aggression at all times.

Whilst it is recognised that you were frustrated at being informed that, your behaviour was unreasonable/unacceptable and I therefore ask that for the foreseeable future, any communications are directed through..... (add name or means of communication).

I would ask that you allow the School time to resolve the issues according to the correct procedures and would assure you that we shall take every possible step to move this process forward as quickly as possible.

I am confident that you will respect our need to maintain a calm and welcoming environment at all times.

Yours sincerely

GUIDANCE TO STAFF

The following strategies should be adopted by staff to encourage positive interactions with parents/carers or members of the community:-

Diffusing a situation

- Give the situation/conversation your full attention and speak in a quiet, slow and friendly manner, summarising what is being said.
- Be clear about the reason for communication and provide specific examples to illustrate the points you make.
- Focus on a child's strengths before areas of concern. This is helpful in engaging support and promoting positive partnerships.
- Provide reassurance if appropriate, and emphasise that your goal is to help every student to succeed.
- Keep calm and avoid interrupting – reassure that you are taking the concern seriously.
- Clearly outline what action **will** be taken.

Aggressive and abusive communications

If a communication becomes abusive or a member of staff finds themselves in a situation where they feel bullied intimidated or threatened they should:

- Politely inform the perpetrator that the conversation will not be continued and will have to be terminated if they continue to behave in this manner;
- If this does not resolve the situation, then provide a polite warning that the conversation will be terminated and then end the call.
- If in person, give a polite warning that the perpetrator will be asked to leave and if the behaviour continues; call for assistance to escort the person from the site.
- If on e-mail politely conclude the e-mail exchange saying that the matter will now be referred to your line manager
- Seek advice and support from another member of staff and/or your Line Manager.

Dependent on circumstances, it may be necessary for a member of staff to:-

- Call again or arrange/reschedule a meeting when the perpetrator feels able to meet or talk in a reasonable manner.
- Speak with a Line Manager for support.
- Send a letter outlining circumstances and concerns (Appendix 'C'), which must be directed through a Line Manager and recorded on Teachershare as per guidance – (Appendix 'E').
- Arrange a meeting to be held with the Line Manager and perpetrator

In serious instances the incident should be reported to the Principal via the Senior Administrative Officer who may decide to involve the governing body, report an incident to the police, ban a person from the school site or insist that any communication into school comes through a set point. If the incident involves injury, the matter must be reported via the accident/incident report form, with referral to the Health and Safety Executive if appropriate.

- A record must be held of all incidents.

If a parent/carer feels that they have not been treated with dignity and respect or if they feel that they are a victim of discrimination, harassment or threatening behaviour, then they should contact the Senior Administrative Officer who will raise their complaint with the Principal.

**RECORD OF INAPPROPRIATE COMMUNICATIONS
WITH PARENTS/CARERS**
