

December 2019

Dear Parents/Carers,

As we have previously informed you, we are migrating to the SIMS Parent App as our method of communication for student reports.

Thank you to those parents/carers who are already using the app – we do hope that you are finding it a useful tool.

From January 2020, all reports will only be available in this digital format. To enable us to ensure that we have everybody registered before the end of 2019, we are now requesting that, if you have not already done so, you sign up for the app by Friday 20th December 2019.

A registration email has been sent out again to those unregistered parents. It comes from 'noreply@sims.co.uk' and may go into your Junk folder, so please do look out for this message. It states - *Homewood invites you* - within the subject line.

The registration is a very simple process, and, once you are registered, you will be able to see not only your son's/daughter's report, but other important information, such as attendance, achievements, timetable and term dates – all at the click of a button. You will also have access to update your contact details so that we will always have the most up-to-date information in case of an emergency.

If you have more than one child at the school, you will have access to information for all your children from the same app.

The information that you receive through the app will help you to stay up-to-date with your son's/daughter's student life and help to support their overall development and progress.

Further information to help you through the registration process is available on the Homewood School website. However, should you have any other queries, please do contact your son's/daughter's college office.

Thank you for your support with this matter.

Yours sincerely,

Karen Douglas
Data Manager
