

Addition to Homewood's SEND Information Report in Relation to COVID-19

Following the closure of schools from the 23rd March 2020 Government guidelines stated:

Vulnerable children include those who have a social worker and those children and young people up to the age of 25 with education, health and care (EHC) plans.

Those with an EHC plan should be risk-assessed by their school in consultation with the local authority (LA) and parents, to decide whether they need to continue to be offered a school or college place in order to meet their needs, or whether they can safely have their needs met at home. This could include, if necessary, carers, therapists or clinicians visiting the home to provide any essential services. Many children and young people with EHC plans can safely remain at home.

In order to ensure that our pupils with EHC plans are supported we have consulted families with regards to whether or not their child needs to attend school. We have ensured that the expectations for work being done at home is understood and that pupils can access the work being set by school staff. As a school we are undertaking at least weekly check ins to ensure that pupils outcomes are kept at the forefront and that their emotional needs are being met. Work set by class teachers takes into account the needs of the pupils in their classes and is open-ended in nature to allow pupils to engage with and further their own learning.

Parents of students with additional needs and the students themselves may require our support at this time. This is being managed by students' key workers who are leading on checking in with families. Our SENCO can be reached via l.stephen@homewood.kent.sch.uk.

We are aware that the Year 6 into 7 transition period for our pupils with SEND has been greatly affected by the current situation and we continue to work alongside our Primary colleagues to ensure that the information needed is shared. As the summer term progresses we will begin to send out transition style material that will endeavour to support all our pupils at this transitional time.

Resources that support our pupils' emotional and social development during this unprecedented time have been uploaded on to the school website in the SEND section. These will continue to be updated as time passes.

External agencies will only become involved if necessary following the usual graduated response process led by our SENCO.
